FIESTA® Extruded Tiles

We are VERY excited to announce that we received approval from The FIESTA® Tableware Company to add a new option in our FIESTA® line! The new tiles will be from our Extruded Series and are now available in our 4.5"x4.5" and 3"x9" sizes.

The 3x9 FIESTA® Extruded Tiles are \$24/SF and the 4.5x4.5 are \$27.25/SF. See **FIESTA® Extruded Ordering Process** for details, or simply click **order** (Shopify).

FIESTA® Pressed Tiles

With the addition of our extruded line, and several years of FIESTA® sales we restructured our ordering process to simplify it, and ensure our production is focussed on the favorites.

Our 3x6 tiles are still a part of our standard FIESTA® line, as well as the 2x6 and 2x2 trim to go along with it. See **FIESTA® 3x6 Ordering Process** for details, or simply click **order**.

However, 4x8, 6x6 and Circle and Cross now operate on a special order process. See **FIESTA® Special Order Tiles** for details.

Our FIESTA® Dancing Lady tiles are available to add on to a tile order in the 6x6 and 8x8.

We do occasionally have flash sales (or small order sales as we have called them in the past) when order minimums, glaze change or set-up fees, etc can be taken out of the equation. To know when one of these may happen, keep an eye on our social media or sign up for our FIESTA® Tiles Email Updates down below.
